CORE SKILLS

LANGUAGES

- PolishNative
- EnglishFluent (C1)

Hello, I'm Paulina

Front-end Developer with 4+ years crafting modern web experiences. I specialize in React ecosystems, from headless e-commerce to enterprise applications. **AI-augmented development enthusiast** — I leverage cutting-edge AI tools to accelerate workflows and deliver higher quality code faster.

EXPERIENCE

2024-now

Front-end Developer

Proprio — Enterprise ERP Extensions

Building React & Vue modules extending NetSuite ERP functionality. Complex state management with Redux, SuiteScript integration.

React

Vue.js

Redux

NetSuite

2025-26

Front-end Developer

IQAir — Headless E-commerce

Built headless Shopify storefront with Remix & Hydrogen. Implemented reusable React components, Shopify API integrations, and comprehensive unit testing.

React

Remix

Hydrogen

TypeScript

Tailwind

2024-25

Lead Front-end Developer

Octopus — UX/UI Learning Platform

Led front-end architecture for education platform. Built scalable component systems, improved performance, and mentored team members through code reviews.

Next.js

React

TypeScript

Tailwind

A11y

2023-24
